The New  
**DIRECT DEPOSIT**  
Option for Your  
Labor Force

**SEQURA**  
card

# GREAT for YOU

As an employer or contractor you will benefit from:

- The efficiency of Direct Deposit.
- The ability to offer Direct Deposit to workers who currently cannot participate in direct deposit programs.
- **SEQURA CARD** is virtually a turnkey benefits package without any of the logistics, time or expenses normally associated with managing employee benefits.

# GOOD for THEM

If we had to sum up the **SEQURA CARD** business model – it is both a tool and an **HR platform**. Think of it as a **fin-tech bank in the pockets and on the mobiles of your labor force**.

- A direct deposit straight onto a **SEQURA CARD** means faster access to pay and no more exorbitant check-cashing fees.
- **SEQURA CARD** is more secure and more flexible than cash.
- **SEQURA CARD** comes with a companion “Paisana” card designed for automatic money transfers back home.
- It is a **secured credit card**, not a prepaid debit card, or a payroll card or an expense card. Cardholders can use their **SEQURA CARD** without restrictions wherever Visa and MasterCard are accepted.

## IDEAL for Our INDUSTRY

- The **SEQURA CARD** issuer, ViaCarte, facilitates lines of credit.
- Our activators and navigators will make the transition easy for labor-contractors and workers.
- **SEQURA CARD** is an ideal financial instrument for a highly migrant and regulated workforce.
- **SEQURA CARD** empowers workers by promoting financial stability which in turn, minimizes worker turnover and facilitates labor recruitment efforts across the industry.
- Funds maintained in the US at Metropolitan Commercial Bank are FDIC insured, while funds maintained internationally at BAC Credomatic are insured by World Insurance.
